S.T.A.R. is an independent project of Andrea Cavazzini, Italy: it is not a company. The software is released under the Apache License 2.0; each module declares its state, TRL 6 at most, not flight-qualified and not certified.

Contents

Article 1 — Minimum age 3

Article 2 — Browsing and downloading: no minimum age 3

Article 3 — Writing to the owner: under 14, with a parent or guardian 3

Article 4 — Requesting a service and signing a contract: 18 years 3

Article 5 — Software for everyone 3

Article 1 — Minimum age

1.1 In the current phase S.T.A.R. sells nothing and offers no service on request: everything on this site is free, and the engineering assessment and the paid work this document describes are not offered. This document stays as written until a lawyer or Andrea reviews it.

Article 2 — Browsing and downloading: no minimum age

2.1 Anyone may read this website and download the software. The owner collects no personal data through the pages; the hosting provider processes technical data of every visit, as the privacy notice explains in section 3. Browsing does not rest on consent.

Article 3 — Writing to the owner: under 14, with a parent or guardian

3.1 An email contains personal data, handled as section 4 of the privacy notice says; that processing does not rest on consent. As a precaution chosen by the owner, not as a legal age limit, a child under 14 is asked to write together with a parent or guardian. The website does not ask anyone's age. If the owner learns that data of a child under 14 were received without a parent or guardian, they are deleted, except what the law requires to keep.

Article 4 — Requesting a service and signing a contract: 18 years

4.1 The engineering assessment is offered only to adults with full legal capacity (Italian Civil Code, art. 2) acting for themselves or for an organisation they are entitled to bind. A request from a minor is not accepted. Before a contract, the owner may ask for the information needed to confirm who is signing.

Article 5 — Software for everyone

5.1 The software is free and published under the Apache License 2.0; the licence sets no age limit. It is engineering software: a minor who uses it for study does so under the responsibility of a parent or teacher.

Annex — Legal acts cited in this document

Each act cited in the text, with its official source. The title was read from the official source on the date shown (EUR-Lex through the Publications Office for the European Union, Normattiva for Italy). Listing an act says where it is published; it is not an assessment of compliance.
